

How to Unlock Bootloader Redmi S2 / Y2, Redmi 7 ?

Attention! This Method only for Redmi S2/Y2 and Redmi 7, it will not work on other Xiaomi Models!!!

For Redmi 7 Will need Xiami Authorized Server. for others not.

You need Put this device to Flash mode its Mean QdLoader 9008 EDL Mode
Some devices need doing Testpoint for force EDL mode, You can see TestPoint pics at Hydra TP Folder, Example of Redmi S2/Y2 TestPoint

You will see QdLoader 9008 Port at device manager, if you not see it Install EDL Drivers which available at support area

Run Qualcomm Module from Humtool, **Untick Auto then Select Brand and Model**, From top right **Change connection as Flash Mode**, Tick **Xiaomi Bootloader**, then Click Excute

A screenshot of the Hydra Qualcomm Tool interface. The window title is "Hydra Qualcomm Tool Ver 1.0.1 Build 32 - Windows 7 Service Pack 1 (Version 6.1, Build 7601, 64-bit Edition)". The interface is divided into several sections:

- Top Bar:** Shows "Powerful Advanced Complete" and "Qualcomm HS-USB QDLoader 9008 (COM6)".
- Device Information:** Brand: XIAOMI, Model: Redmi S2 (ysl). A dropdown menu is set to "Flash Mode".
- Phone Information:** Model: Redmi S2, Brand: xiaomi, Android Ver: 8.1.0, Miui Ver: V10, Manufacturer: Xiaomi, Device: ysl, Mod_device: ysl_global, Display ID: OPM1.171019.011, Security Patch: 2019-04-01, Kernel ID: 2019-04-01.
- Operations:** A list of operations with checkboxes. "Xiaomi Bootloader" is checked and highlighted with a red box.
- Method/Option:** A dropdown menu set to "Unlock - Method 1". Below it, there is a checkbox for "Auto Restart Device" and an "Execute" button.

The bottom status bar shows "888800000012 | 10.or D | AUTO | XIAOMI | E | Redmi S2 (ysl) | eMMC | 05.09.2019 13:29:17".
